Under this scheme 90% capital subsidy would be provided for:

(i) Creation of Rural Electricity Distribution Backbone (REDB) with on 33/.11KV (or 66/11KV) substation in every block appropriately linked to the State Transmission System.

(ii) Creation of Village Electricity Infrastructure (VEI) for electrification of all un-electrified villages/habitations with distribution transformer (s) in every village/habitation.

(iii) Decentralized Distributed Generatioa(DDG) and supply system for conventional sources for Villages/Habitations where grid supply is not cost effective and where Ministry of Non-Conventional Energy
Sources would not be providing electricity through their programme(s).

The scheme provides for electrification of all un-electrified Below Poverty Line (BPL) households in the country free of charge.

The scheme covers the entire country and funds would be provided for electrification of un-electrified villages an un-electrified habitations.

This scheme merges the scheme of "Accelerated Electrification of one lakh villages and one crore households" under which there was a provision for
about 40% capital subsidy for eligible projects. Under this scheme, based on the proposal submitted by the States of UP, Bihar, Rajasthan & West Bengal, 111 projects involving outlay of Rs 4326 crore and covering Electrification of 54,159 villages and 23,45,412 rural households (including 18,29,823 BPL households), had been sanctioned by REC during the 2004-05.
